Facilitation

- Compile feedback and interpret (depending on simple or expanded approach)
- Time for Retrospective depends on your organization
- Before session
 - All have reviewed the feedback
 - All have prioritized/voted on feedback
- Before and during session ensure agenda is clear to all
- For issues that did not get covered in Retrospective
 - Assign leads to follow-up and keep the larger team updated
 - Have additional sessions to cover more issues (if the team wants)

Q&A
